

2011 Frontiers in Model-Based Systems Engineering

April 27-28, 2011

Georgia Institute of Technology

Open Discussion

- What are some of the similarities / differences / connections between the different presentations that caught your attention?
- What do you see as the most significant challenges / obstacles we face in MBSE?
- What is important in MBSE and didn't get covered in this workshop?
- What can we do as a community to advance the cause of MBSE?
- Are we on the right track?
